Employment Office Site Exch. Seen

Following a trip to Sacramento, Mayor Albert Isen and City Manager George Stevens feel convinced that the state will cooperate with the city of Torrance in finding another location for the new department of employment instead of the originally intended site at Cravens and Engracia.

This site will then be available for parking purposes in downtown Torrance.

Stevens and Isen were able to convince officials of the department of finance and department of employment that the site picked 10 years ago is inadequate for present and future purposes.
